

TM-m30 is the ideal choice for retail businesses looking to move to a tablet POS system that is affordable and easy to install. Thanks to ePOS-Print SDK, the TM-m30 can easily communicate with web-based applications, ensuring receipts can be printed quickly and efficiently from any mobile device.

Stylishly Compact Two Way Access

Small size makes it perfect for any retail environment and especially those with limited space. It can be used as a top or front access printer.

Direct Printing from Web Browsers

Quickly, easily and seamlessly integrate with any PC, tablet, laptop or mobile device via Wi-Fi. Adaptable with iOS, Android, Windows CE or Windows mobile, direct printing from the web browser becomes possible without the need to install or update any other drivers.

Easy Pairing with Mobile Devices

Easy pair up with tablets and smartphones via NFC or QR code.

Adaptable

Quickly and easily customize receipts with logos, promotional messages and barcodes.

Connectable

A single printer can be dynamically shared across multiple tablets with different interfaces.
